In addition to me, there is my Heavenly Mother, who received the unique mission of being the Mother of the Son of God, and the office of C- Redemptrix of mankind. On account of the mission of her divine motherhood, she was enriched with so much grace that all other creatures combined, both in heaven and on earth, will never be able to match her. But this was not enough to draw down the word in her maternal womb.; It was necessary that my mother actualize the entire abyss of grace and gifts by embracing All Souls, loving them, making reparation for them, and adoring the Supreme Majesty on their behalf. By this means, she accomplished in herself everything that all human generations should offer to God. In this way in her virginal heart, she had inexhaustible current of love for all Souls. When the divinity found in this virgin its requital of love for all creatures, it felt enraptured and formed within her its conception., that is the incarnation of the Word.

And as she conceived me., She took on the office of Co Redemptrix and shared an embrace together with me all the pains, substitutions, reparations, and maternal love on behalf of all. In the heart of my mother there was a fiber of maternal love for each soul. That is why, in truth and with justice, when I was on the cross, I declared her mother of all. She excelled together with me in love, and sufferings. In everything; She never left my side. **If the Eternal One had not placed so much grace in her as to be able to receive from her alone the love of all, He would never have moved from heaven to come down to earth and redeem mankind.** That is why, to fulfill her mission as Mother of the Word, it was necessary in fitting that she embraced and surpassed everything.
