

Most holy Trinity, lover, and creator of all souls, I, (your name) a little one of your divine will have heard in my heart, the moans of the Holy Spirit for the establishment of a community of the divine will here on earth. Now, I beseech you Heavenly Father for the gift of a community of the divine will, to come in spirit and your vision upon the earth.

Oh Most, Holy Trinity it is your love that has placed the movement, inspiration and desire in my heart to ask for this place of heaven on earth as a physical sign of your presence, for the divine will to come and reign, to teach, love and unite all your children of goodwill to pray for your Kingdom to reign, so that those that are not presently in your will, will become one and obedient to your call.

Pour forth your light and love upon all souls, so all will be drawn to your magnificence and melt before you. You have waited for 6000 years and your children who love you pray to hasten your reign! I bow down before you and plead with an open heart for your House of the Divine Will, the Center of your Heart.

***“Now is the time”** for your kingdom to spread.” **“Now is the time”** for the triumph of the little ones with and through the Immaculate Heart of Mary.*
